

Notes from our Treasurer

I am pleased to report that the March meeting only cost our treasury a total of \$ 71. This is amazing considering that the room rental was \$ 100 and we paid \$ 2 extra for each meal. This small amount is because some individuals paid and could not attend, along with a few extras coming and The Green Ladle did not charge for the extra individuals attending.

The total received now in our scholarship account in memory of 3 members that passed this year has grown to a total of \$ 1400.

At the March Luncheon a total of \$ 135 was collected for our scholarship.

Our dues are collected from Sept to Sept. Several individuals paid again in March and I have moved their extra dues to the coming year. The following individuals are not expected to pay dues this coming Sept.: Angela Delorme, Richard Dubois, Marine Shea, Richard Shea, and John Neal.

I have 3 individuals that have already paid for luncheon in April.

Our treasury grew by about \$ 400 in March, with a grand total of \$ 20,484.23
